## TO THE PUBLIC.

It is generally conceded that the enterprise began in th city about five years ago, and known as the FARMERS AND MECHANICS STORE, has met with a success unparalleled in the mercantile history of this State, and almost prodigious in its nature.

The cause underlying this success is not questioned any Ine cause underlying this success is not questioned any longor. It is simply this: The people of Oregon having for so long a time been the victims of grasping and uncury utons dealers, having for so many years been keen done if the iron heel of an avaricious guild, have at last had in the expense. to the fact that their dollar, no less than anglery elses, is worth one hugdred cents, and ought, by right, parchase as much as if in the hands of the accelent

To the FARMIR'S AND MECH NICS' SIORF is due the credit of having released the peops from the oppressive yoke, of having released them from heir thraidom, and of having enlightened them upon a poine oviible to their prosperity. This vexes those merchants a locare made to keep pace with the march of time, who are soft to accommodate themse ves to smaller profits, and who never lorge centiting, because they never learn anything, and they cannot help themberouse they never learn anything, and they cannot help themselves. They are spotted, the people have put the anilon them, while the FARMFRS AND MECHANICS SIGHT has become the household word in every family in the State, and let of them synonymous with honesty, integrity and tair deal-dealing.

To take advantage of the fair fame of which the FARM FRS AND MECHANICS, STORE has a right to beard, is something from which their competitors do not shrink. Then sense of honor does not deter them from storping so low, and thing from which their competitors do not shrink their sense of honor does not deter them from sto ions a low, and sense of honor does not deter them from sto ions a low, and consequently it often occurs that when a party, for the first time in this city, happens to fall in their clutches, he is made to believe, when saking for the FARBERS AND WER HANGS' STORE, that he is just in the place he is looking for. ## 350,000 DOLLARS.

Well knowing that we were in a position to handle goods in large quantities, we placed ourselves in direct communication with leading Eastern and European Manufacturers, the result is that to-day
